British pop singer Ellie Goulding confided to *Elle* magazine in 2015, “I was never confident in my looks. upper lip looks nothing like it used to.” Board-certified NYC dermatologist Dr. Gary Goldenberg, however, approves of Ellie’s transformation. “She looks very good,” he says. “I think she looks younger than her age.” Dr. Alexander Rivkin, a cosmetic surgeon at Westside Aesthetics in LA, believes Ellie has had a rhinoplasty, and like Dr. Goldenberg, he’s impressed. “Ellie is a beautiful young woman,” he says, “and she has only enhanced her appearance.” **LS**

Ellie's Pop Star Makeover

NOW

FOREHEAD

“It appears she’s been getting Botox for some time, since there are no wrinkles,” says Dr. Goldenberg, who also notes it could be laser resurfacing. Botox cost: \$900–\$1.2K.

EYEBROWS

Laser skin specialist Marisa Martino says Ellie’s eyebrows are much fuller and darker now. “It is likely she tints them professionally,” Martino says, at a cost of \$100 to \$200.

CHEEKS

“She seems to have had augmentation in the central area of her cheek, under her eyes,” says Dr. Rivkin. He suspects Ellie is using Voluma, which costs \$1K to \$2K and lasts a year or two.

LIPS

Cosmetic surgeon Dr. Josef Hadeed notes that Ellie’s “upper lip used to be thin” and says her newly plump lips are “the most striking difference” on her face. Lip fillers run \$600 to \$1.2K.
